“ I had the pleasure of working with Arthur at Virginia Farm Bureau for the entirety of his career. As many have stated here, Arthur was one-of-a-kind. He was a good friend of mine - we would frequently go out to lunch and he'd share some of his crazy stories. We would laugh until we just about cried sometimes.

I gave Arthur an old lawnmower of mine - I bought a house and this mower came with it. I used it for a year and one day, it smoked up on me and I saw some flames. So I was done with it and I bought a brand new lawnmower. Arthur said he'd check out the old mower and if he couldn't fix it, he'd toss it. About a week later, he couldn't wait to get to work to tell me that all that was needed in the lawnmower was oil. He said it was dry as a bone and with just a little oil, it runs like a top. He'd tell me every time he used that mower too. He picked and picked and picked on me for that - for YEARS! That's how you knew you were a friend of Arthur's - he'd pick on you.

I send my heartfelt condolences to Paula, Brandon and the entire family. I wish you peace and comfort in your memories. Arthur had a heart of gold and he will be missed by many. Godspeed, Arthur.

“ I worked with Arthur Gibson when he was @ Virginia Farm Bureau. He was definitely a high energy type of guy. I missed him calling me "Matilda" even though he knew my name is "Maleata". I always enjoyed our interactions when he would stop by the Service Desk. He was always good for a laugh with his sense of humor. My prayers go out to his family. RIP Arthur.

“ Arthur and I worked together for many years at Farm Bureau. We went on business trips and had many work time lunches together. One memory comes to mind where we went to Fuddruckers. I ordered a 1/3 lb hamburger and he was worried about me for ordering such a small portion. He ordered the 1lb burger. He had no understanding that this was a entire pound of hamburger meat. When they brought it to the table he was actually embarrassed. The bun was a big as a medium sized pizza. People stopped by the table and discussed his large order with him and wished him luck with finishing his lunch. We laughed about this incident for many years. He was a lot of fun to be around. We helped each other through some very trying times. He was a character and I will truly miss him. His family will be in my thoughts and prayers. Anne Baskette

“ Arthur was my husband's supervisor at VAFB. He had to come out to the house for business visits. He sold me his yellow Jeep Wrangler with the canvas top. It was beautiful! The best driving vehicle I ever had. Years later I found out that he had replaced the standard equipment with Rubicon wheels and tires. Only Arthur would know that you could do this successfully.
I am told that for the person you lose on earth...you gain an angel in heaven.
We miss you.

“ *Arthur was a great person to work with and I enjoyed his fellowship during the working years a Farm Bureau. We often disagreed but came to a conclusion as long as he won. There was much he didn't know about cars and he was usually correct when he made statement about them. I am sorry we didn't have time to do our lunch we had plan in the near future. Arthur had a wonderful caring heart and would do anything to help you He will be greatly missed. Mike Cook*

“ Arthur was a true friend to many at Farm Bureau and always fun to be around. He was never shy about speaking his mind and that trait would make us both shake our heads and heads and laugh at the same time. Despite being rough around the edges, Arthur had a huge heart and beautiful soul. He will be missed by many. Out thoughts and prayers to the family.

“ I met Art and Paula in Conway, SC riding their 3 wheelers around Carmello circle. The kindest couple in the neighborhood by far!! My fondest memory was seeing him sitting in his garage enjoying a cigar telling me to slow down as I rode by ❤️ Then he would tell me how many times I've been around and ask where fluffy was 🚲♀️🐾
🐾 It was a sad day to see Art and Paula leave Conway. We sure were blessed to be neighbors while it lasted. May Art REST IN PEACE.

“ My sincere condolences to Arthurs Family.
I want to say goodbye to my old friend, gone too soon. So glad we had a phone call to catch up over our lives since work and family takes us away from our hometown.
I cherish the memories of younger days doing stupid things, driving too fast, drinking too much, but living and laughing through them.
Arthur I want to thank you for setting me up on a blind date with my wife of 44 years.
I hope that we meet on the other side and once again continue the “discussion” of Mustang vs Camaro, Ford Vs Chevy.
Fly high and fast my friend.

“ *Sorry for your Loss. I miss joking with Arthur at Virginia Farm Bureau. We would always joke about Chevy and Ford. My husband and I have 2 Chevy's and he said you know they will leave you by the side of the road one of these days. We Drove my Chevelle Few years ago and of course it broke down in Lumberton on 95. Had to have a new Fuel Pump. We saw him and Paula at Myrtle Beach show and I mentioned to him we broke down and he said I told you it would just a matter of time. Later at the show I had a note on my Wind shield that said, Sale it now. Arthur called a chevy a Kmart car. My husband and a friend went several years ago to Myrtle Beach and Arthur drove the Yellow Coupe. My husband said never ask Arthur to stop to get a soft drink unless it is on the same side of the road. I can still hear him laughing.. Will miss Arthur.*

“ My last conversation with Arthur was in a text yesterday (Jan 29). We ended it with a story that made us both laugh. It involved a Falcon, a new tachometer, Spencer road and a long side off the road through a bunch of small loblolly pine trees! I already greatly miss my friend. One of the best friends a person could ever ask for. RIP Arthur Hugh you earned it!
