“ *Just recently found out about this. Brooke... you taught me well and were patient back in the day when I was a young 20 year old salesman at Altavista Motors. Recently reconnected with you... sorry we never made that fishing trip we talked about. Tight lines and straight shooting forever for ya now.*

“ *Brooke was a great friend, and we shared many interests and he excelled at all of them. In the car business he was very well respected and trusted so much so, that he had the trust of car dealerships across the midwest. When it came to hunting, he was an accomplished turkey hunter, he and a friend from Pittsylvania county took 100 turkeys in 35 years, something very few have done. He bought a Lincoln over the phone for my dad and dad took him rabbit hunting and that's something few can say! He had a key to my gate until he left this world and he will be missed. Russ Simpson*

“ Brooke was a wonderful, delightful person to be around. He came to work for me at Altavista Motors at very young age and became one of the most valued managers we had. He learned quickly and gained a great deal of knowledge about the used car market. His talent helped us to become one of the largest used car sellers in Central Virginia. The chemistry between Brooke and his manager, Gene Crews, gave them both the opportunity to thrive. It was a privilege to work with him for so many years and have him become a true friend to my entire family. My thoughts and prayers are with Hunter, John and the rest of his family. Alvah Bohannon

“ Brooke was a special friend of mine for over 30 years. We shared many hunting and fishing experiences together. Spring turkey hunting was his passion. He was very knowledgeable about fishing, as he grew up on the water. He was a great car salesman and loved what he did. He could answer almost any question you had or he would find the answer. He loved garden's and gave me a lot of good advice on planting my first garden. He will be greatly missed by many. Love, your friend Jeff Burnette.
