“ I will always hold Caleb near my heart. He called me auntie and I think of cameron as a brother so that fit. I will never understand why we had to lose him so young. Our last talk we talked about him doing something with his life. I promised him no matter what I'd always be proud as long as he was good to others and shared his heart. I an definently say that I am proud because in his life he done just that. I'll always miss caleb and my thoughts and prayers are with Cameron and his entire family.

“ *Caleb and I have been close for 6 years and was the big brother I never had. He was always there for me when no one else was. One of my favorite memories of him was when he and I FaceTimed he couldn't make a heart with his fingers. Every time we would call he would try. He would laugh so hard because he struggled with it so much. His laugh was so contagious it could brighten up a room. When I would feel down he would make lots of silly voices to cheer me up. Caleb and I had several air band "concerts" on FaceTime. He played air guitar and I would play air drums. He would send so many encouraging messages to me. He was one of the best people I have ever met. He truly had a heart of gold. I am forever grateful for him. Thank you Caleb for all the years we had. I love and miss you so much.*
