*“ Dave Thacker was so kind to work on Mike Hills 1984 Gold-wing when no one else in town would touch it. Got it back on the road running perfectly just in time for Mike’s Birthday 2 years ago and was so excited about it cause he knew it would make Mike’s Birthday the best!!! Dave was a Harley man but he could fix anything you brought him. But more than that he was trustworthy, hard working, friendly and honest. We just fell in love with him when we met him so easy to talk to. He was just a good old country boy. We will miss you Dave

“ Will definitely miss being able to call David while working on my motorcycle in my shop and describing to him the sound my bike is making and he'd always say “it sounds like “this” Moose. And if that doesn't fix it, give me a call back.” Miss ya brother. Moose

“ Two years ago my wife and I went down on our bike. We came out with some injuries, but the bike was totaled. This man put it back together better than ever. He was always the one to look at something and say "that's not so bad, we can fix that !". I only wish they could have fixed him, will miss him in many ways, but mostly as a friend. RIP David. We will see you on the long ride when we get there. Save us a spot.
