“ *Dot was a wonderful lady. She always had a smile on her face even though I knew at times she was not feeling that well. Last October I remember Patsy Barker was worried about Dot coming to homecoming and I saw her car come in to the lower parking lot where the young people are supposed to park. Patsy told me to go down there and help her to the church. So I did what Patsy said for me to do and I met Dot coming up the steps, so I turned around to help her and she made it to the church faster than I could get there.*
