“The red light on the amp meter gauge came on on the way to McKeesport, it was showing discharge and the volt meter dropped to 12. So I told Wooly Booger "My fan belt just broke". So we pulled over on 79 at the end of the ramp at the rest area at the 50 mile marker, opened the hood, I pulled the broken belt out, and there was a piece left that was only 2 ribs wide, but it was whole. It wasn't much bigger than a shoestring but I got it back on, skinning my arm up in the process. Those fan blades are sharp!"

From my post on bigmacktrucks.com, August 30, 2014

Johnny and me were headed to McKeesport, Pa. that night, and he stayed right there with me and held the flashlight for me. Truly a great friend who became an even greater friend the longer I knew him- I'm a better person for even knowing him, and I will miss him...I miss him already.

“ Wanda & Family,

You are all in our thoughts and prayers during this difficult time. We are so sorry for your loss and we all have heavy hearts as the weight of his absence is felt greatly here at F.L. Moore & Sons. He has been an exemplary employee since 1997 and he became like family to all of us. In recent years we have all enjoyed many stories about his precious grandchildren who brought him so much joy. He will be missed by all who knew him. May God wrap his loving arms around you all and comfort you during this time.

Love,
