“ Dear Kay, You'll always be my little sister who I worried about & prayed over, because you were always so ill ~ from birth on thru life. Now for the first time you are well, healthy, & whole & back safely w/mom & dad. They absolutely made the right decision by letting the AHA do an experimental operation on you at age 11 ~ it saved your life♥ Love always, Amelia

Kay and I were pen pal cousins, in an age when few take the time to write. Regardless of what was happening to Kay her letters were always upbeat providing a bright moment that could be replayed with each reading. Kay would share what was blooming and producing in her garden, stories of her precious pets that always gave her joy, and she would share what others had done for her. She would always share the love she had for her family, and for Kenneth who was her touchstone. I will miss Kay as we shared slices of life for so many years, her envelopes always brought a slice of goodness to me. Love, JoEllen Atcheson Lukert
