“ All of us from Lynchburg Rheumatology Clinic were saddened to learn of Linda's death. It was a privilege to care for her over these past years. In spite of flare ups of her rheumatoid arthritis she maintained a wonderful spirit. She never complained nor let her arthritis stop her from enjoying family and friend time on cruises or at the lake. She had a joy about her that she transmitted to our entire office. Our sincerest condolences to all her family. We will miss her also. Jeffrey W. Wilson, MD

“ We use to live right beside Linda. When we Rented from her Mom and Dad. We thought a lot of Linda, and her family. I would even keep Ricky and Donald for her on different occasions. I know she will surely be missed by all who knew her. To all the family, you are in my thoughts, and prayers.

I am at a lost for words. I am sad. I had hope we would continue hanging out together. But most of all I take. comfort that my sister is in my Father's care. To her Boys and their families thank you so very much for taking care of your mom no this she often mentioned how thankful she was that she had such a wonderful relationship with you guys, your wives and grandchildren. Altavista, Hurt and the Gladys and Long Island. community has lost a woman who cared deeply for their communities and she has left a legacy her family and church family can truly be. proud of. I take comfort in knowing that "when the Roll is. Called Up There we will be there!

I will miss Linda's bright smile and her contagious spirit at church. She always encouraged us to save our change to pay off the church van.

I know Heaven is not the same. She's making it brighter!

*I'm praying for the family. May God be with you all at this time and in the days ahead. May He give you His peace and comfort. In Him,

“ *With the exception of my husband, Linda was my most enthusiastic and encouraging cheerleader. I suspect she made many feel exactly the same way. Many nights I would cross the street and we'd talk. We'd laugh and cry and sometimes gripe about stuff. She'd listen with a smile and when I was done, if I was off-base about something, she'd give me her perspective. But most of all she'd encourage me as I talked about trying something new.*

She called herself our neighborhood stalker and I called my family her entertainment.

Heaven is having a party with her up there now.
