“ *Today I will carry my grandmother to her final resting place. Its going to be one of the hardest experiences I've ever encountered. I've never lost anyone I was ever so close to. This is the last time I will ever get to do something for my grandmother and be by her side. Rest in peace Rex, and fly high. God be with you and I will see you on the other side one day. I want extend thanks to family, friends, and all the professional services rendered in this tragic time. Rex, I love you with all my heart and I'll take you with me every day. Thank you for your love, support, and just being you. Forever loved and never forgotten, love you always.*
