“ Vicky was valued member of my staff at Prince William ADC. She was always are hard worker. She had exceptional clinical assessment skills and truly cared about the health of the inmate patients. We stayed in touch for quite a while after she left to be closer to parents. Eventually we lost contact and I retired from the ADC and moved to California to be near my family. I only recently learned of her passing. Vicky loved her family - her parents, daughter and grandson so much. She was very proud of her daughter and grandson. I will never forget her smile and wonder laugh. My deepest condolences to her family.

“ Vicky was an anchor at Autumn Care. She took extra good care of my sister, in ways too many to mention. Vicky always could evaluate what was needed, got it done and spread calmness, caring and love to all. She was professional on all levels and I am sure there are many heavy hearts at Autumn Care missing her presence. Well done, Vicky set the standards high and are being missed beyond words, my deepest sympathy and concern for her mother and family.

“ The memories that we hold from working together at Prince William ADC will never be forgotten. You were one of the hardest, most dedicated, and caring nurse to have worked with me. From hearing you call me “Suga” to smiling and giving me a hug. You will truly be missed by many of your Prince William ADC family members. Rest In Peace Vick
